## Protection from Financially Threatening Medical Bills

Medical debt is the number one source of personal bankruptcy filings in the U.S., and in 2014, an estimated 40% of Americans racked up debt resulting from a medical issue. Critical Illness insurance is an affordable HSA-friendly solution that pays a lump-sum benefit upon diagnosis of a covered critical illness, helping offset costs of care and providing the freedom to choose treatment options.

### Key Features

- ⇒ Employee and family coverage - Coverage is available for employees, plus their spouse/domestic partner and dependent children/grandchildren.
- ⇒ Waiver of Premium benefit waives the renewal premium if a covered employee is totally disabled due to a critical illness where benefits are paid
- ⇒ Reoccurrence Diagnosis benefit pays an additional lump-sum payment if a covered employee is diagnosed for a second time with a covered condition for which a benefit has already been paid; must be treatment and symptom free for 12 months between diagnoses

Coverage Highlights	Descriptions																																																																
Skin Cancer Benefit	Pays a benefit of \$250 for a diagnosis of skin cancer. This benefit is payable once per insured person per calendar year.																																																																
Additional Diagnosis Benefit	Once benefits have been paid for a Critical Illness, this plan will pay benefits for each additional Critical Illness when the date of diagnosis is at least 30 days apart, and if the new Critical Illness is not caused or contributed to by a Critical Illness for which benefits have been paid. If an additional diagnosis is for a diagnosis of cancer, the insured person must also be in complete remission prior to the date of subsequent diagnosis.																																																																
Reoccurrence Diagnosis Benefit	Once benefits have been paid for a Critical Illness, this plan will pay benefits for that same Critical Illness up to one time per insured person per lifetime, if the insured person is symptom and treatment-free for a period of 12 consecutive months, and if the new Critical Illness is not caused or contributed to by a Critical Illness for which benefits have already been paid. If a subsequent diagnosis is for a diagnosis of cancer, the insured person must also be in complete remission prior to the date of subsequent diagnosis.																																																																
Waiver of Premium Benefit	Renewal premiums will be waived on the first premium due date after the insured person has been totally disabled for 90 days due to a critical illness for which benefits have been paid. Any premium paid during this period which became due after your total disability started will be refunded.																																																																
Health Screening Rider (Form R G1720C)	<p>Pays a benefit of \$50 per calendar year per insured person for a variety of services, some of which are listed below:</p> <ul style="list-style-type: none"> <li>• Mammography</li> <li>• Breast Ultrasound</li> <li>• Biopsies for Various Types of Cancers</li> <li>• Pap smear</li> <li>• Chest x-ray</li> <li>• Blood Tests for Various Types of Cancers</li> <li>• Hemocult stool analysis</li> <li>• Colonoscopy</li> <li>• Stress Test (bicycle or treadmill)</li> </ul>
